Abstract

Introduction

Data

Methodology

Results

| | Estimate | Std. Error | t value | Pr(> t) |
|-------------|----------|------------|---------|----------|
| (Intercept) | 7.0326 | 0.4578 | 15.36 | 0.0000 |
| TV | 0.0475 | 0.0027 | 17.67 | 0.0000 |

Table 1: Table 1: Information about Regression Coefficients

| Quantity | Value |
|-------------------------|--------|
| Residual standard error | 3.26 |
| R Squared | 0.61 |
| F-Statistics | 312.14 |

Table 2: Table 2: Regression Quality Indices
